A business or practice cannot just "join" the BBB by paying dues. It must have a history of ethical practices and adhere to fair advertising and selling standards. We thank our new BBB Accredited Businesses who are telling their customers and neighbors that they want to do their part to make their community a good place to work and live, and that they believe in business self-regulation and consumer education. We urge fellow BBB Accredited Businesses to support our new "partners" whenever possible by looking for the BBB torch before you make a purchase. New BBB Accredited Businesses, we thank you for your support and welcome aboard! These new BBB Accredited Businesses meet BBB standards and were accepted during the months of December, January, and February.

So we may serve you better we ask that BBB Accredited Businesses keep the BBB advised of changes in accreditation data, ie., phone numbers, addresses, changes in its type of business, etc.
